

PREQUALIFICATION CATEGORY COVER PAGE

CATEGORY: _____

If this category has a Professional Engineer or Professional Architect license requirement, you **must** list the person with a Connecticut Professional Engineer or Architect license that will be “In Responsible Charge” of the work of others in accordance with applicable Connecticut State Statutes. A copy of their current, valid license must be included in the License, Certification and Registration section of the application. You must also include a copy of their resume, and resumes of other key personnel, in the resume section of the application when you are requesting prequalification in a category which requires a full category submission.

A. IN RESPONSIBLE CHARGE:

B. KEY PERSONNEL*:

(Make sure to indicate which staff fulfills the category license, certification, and/or registration requirements)

C. FIRMS EXPERIENCE:

(Use additional pages as necessary to describe your firms experience in the past **five (5) years** for each category requested with a maximum of one (1) project per page, and a maximum of ten (10) most representative projects per category.

To describe those projects that best illustrate the qualifications of your firm relevant to each category being requested for prequalification, provide a narrative that includes the project location, description, duration, project owner, your firm’s responsibilities as a prime or subconsultant, the entire project cost and the firm’s fee for services rendered.)

USE THIS FORM AS THE 1ST PAGE FOR EACH PREQUALIFICATION CATEGORY BEING REQUESTED.

* KEY PERSONNEL ARE THOSE EMPLOYEES MOST LIKELY TO BE UTILIZED ON CTDOT PROJECTS.
